

Subject to development-related changes.
Drawing may be altered only via CAD.

 : Center of gravity
Position marginally dependent on design

Transport opening \geq machine width + 3,9 inch

ID : Internal thread

Dimensions shown in inches

W3	int. heat recovery $\Delta T=55K$
W2	int. heat recovery $\Delta T=25K$
H1	Machine mountings
K1	Air cooling
K3	Cooling air filter mats
