Automatic Strapping Machine

RQ-8x

RQ-8x

The Evolution of the Market-leading RQ-8 Series

The RQ-8x is the evolution of one of StraPack's most popular and longest selling models, the RQ-8. The new RQ-8x offers a higher strapping speed along with the same reliability, intuitive operation and ease of maintenance that the market has come to expect. These features reinforce the market leading position of the RQ-8 series machines.

■ High Speed

Up to 55 straps per minute (even with tension applied).

■ Anti-Jam Function

If the RQ-8x is operated accidentally without a package in place, the strap will form a loop, leaving the machine ready for the next cycle.

■ Easy Strap Loading

Strap loading is as easy as a touch of a lever. There is no need to thread the strap.

■ Automatic Re-feed

In case of a feeding issue, the machine will re-feed the strap automatically.

■ Easy Maintenance

Self-lubricating design reduces wear and tear and increases operational life.

■ Advanced Heater Design

RQ-8x is ready to operate in less than 25 seconds, contributing to increased packaging line efficiencies.

■ Portable

Heavy-duty metal casters allow the RQ-8x to be quickly moved to any single phase power supply outlet.

■ Variable Tension

A wide range of tension is available via a digitally controlled tension dial. Tension capability is up to 80kgf or 176lbs (equivalent of 150mm or 6" stroke). Unlike many other machines in the market, tension does not compromise the cycle speed.

Specifications of Standard Arch Size (650 mm wide x 500 mm high or 25" wide x 20" high)

Dimension	Width	1252 mm	49-1/4 in.
	Height	1403 mm	55-1/4 in.
	Depth	609 mm	24 in.
	Weight	160 kg	353 lbs.
Table Height		794 mm	31-1/4 in.
Package Size	Max	W 620 X H 480 mm	W 24-1/2 X H 18-7/8 in.
	Min	W 80 X H 30 mm	W 3-1/8 X H 1-1/4 in.
Joint / Strap/ Coil		heat seal / polypropylene	heat seal / polypropylene
Strap Width		ID 200 X OD 450 X W 200 mm	ID 8 X OD 18 X W 8 in.
Power Supply		5, 6, 9, 12, (15.5) mm	5mm, 1/4, 3/8, 1/2, (5/8) in.
		100, 120, 200, 220, 230, 240V	single phase 50 / 60Hz 0.9KVA
