

# Series 500 Volumetric Piston Fillers

The Series 500 is a line of heavy duty, high capacity volumetric piston fillers for a variety of liquids, creams, pastes, and gels that can contain solids up to 7/8" diameter at production volumes of 8 oz. to 1 gallon per fill. Each model includes a precision-bored metering cylinder and rotary valve for consistent, repeatable fills. A variety of nozzles, cutoffs, cylinder sets, and accessories are matched to your specific requirements and specifications. All Stainless Steel Construction and pneumatic operation ideal for wash-down environments and hazardous locations.
