

MAGNUM

Model 3500 TB-R Random Top and Bottom Drive Case Sealer

The Magnum 3500 TB-R utilizes dual top and bottom belt drives that provide the best performance for cases that are overstuffed or tall and unstable, where side belt drive systems are less suitable. The machine automatically adjusts in height and width according to box size when in *random* mode, and can be set to *uniform* for faster operation.

Highlight's case sealers are equipped with Magnum 200 Series tape heads which provide accurate and consistent tape application to the top and bottom of cases using any 2" carton sealing tape. Magnum tape heads are engineered with the most heavy duty and reliable components in the industry, and are packed with features for flexibility.

**For reliable and
flexible operation!**

HIGHLIGHTS

- » Automatically adjusts to case dimensions for up to 12 cases per minute in *random* mode and up to 30 cases per minute in *uniform* mode
- » Magnum tape heads are engineered for performance and packed with features to provide the most reliable tape head in the industry
- » Heavy duty and intelligent design ensure long operating life and easy case movement

SIMPLE CONTROLS

- Start Button
- Stop Button
- Reset Button
- Power Indicator Light
- Mode Selector Switch
- 3 Taping Modes: Random, Fast Random, and Uniform
- Centrally Located Emergency Stop

SYSTEM SPECIFICATIONS

Classification	Top and Bottom Belt Drive Random	Machine Dimensions	46" L, 37" W, 62" H

Belt Speed	75 Feet per Minute	Machine Weight	650 Pounds
Tape Heads	Highlight's Model 200 Series 2" Tape Heads Standard, 3" Optional	Electrical Requirements	110 V, 60Hz, 10 Amp
Working Height	Adjustable 27" to 35"	Pneumatic Requirements	80 psi, 4 cfm

PLC Controls

The Magnum 3500 TB-R is controlled using a PLC for flexibility and multiple operating modes. This allows for added versatility and optional upgrades.

Locking Swivel Casters

Highlight's heavy duty locking casters allow the Magnum 3500 TB-R to be easily moved around a facility to a work area, or moved aside when not in use.

Tape Head

The Magnum 3500 TB-R is equipped with a pair of Magnum 200 Series tape heads which are loaded with features to give you the most reliable and flexible tape heads in the industry.

Automatic Adjust

The machine automatically adjusts to the dimensions of each case quickly to maximize productivity when sealing random sized boxes.

Heavy Duty

All-steel construction, sturdy design, and powder-coated surfaces make the Magnum 3500 TB-R durable and reliable for years of industrial use.
