### Mobile Yet Powerful Bowl/Container Lifter

The LifTILTruk Model C features a hydraulic lifter that is battery-powered, making it a powerful mobile lifter. Model C has an expanded base width and increased height compared to Models B and A, with pouring heights reaching up to 83.5 inches.

The LifTILTruk Model C is a powerful partner for pouring and lifting confectionery and bakery products, including candy mixtures, gummy mixtures, fudge batter, cake batter, and more!

### KEY FEATURES

- 1 Pendant-style control allows operators to move to the ideal position for pouring contents from the bowl, visible at any point along the vertical lift
- 2 Electric tilt controls provide operators with a high degree of precision, ensuring smooth pouring of even the heaviest loads
- 3 Hydraulic system includes a chain assist that is rated 7X over the lifting capacity
- 4 12-volt DC battery that powers the hydraulic pump and tilt motor for cord-free lifting and pouring
- 5 Flexible lifter construction allows for lifting rectangular bins and tubs, Rubbermaid brute pails and drums, Hobart bowls, and Savage kettles
- 6 Fail-safe lift & tilt feature
